Read the following passage and then answer the questions

متن زیر را با دقت بخوانید و به سوالات آن پاسخ دهید.

Modern technology is creating a single world culture. This is because it is now much easier to communicate with people who are far away. Satellite TV, modern transportation, and the Internet have all brought people closer together. People over the world share the same sources of information and this leads to the creation of a single world culture. Because TV is broadcast by satellite, TV programs can be received anywhere in the world. Now people in every part of the world can have access to all the same TV programs. Everybody knows that TV is one of the biggest cultural influences. When people everywhere see the same news, educational, and entertainment programs, they move toward the development of a single world culture.

Modern communications technology has brought people from all around the world closer together. People these days have more and more opportunities to share ideas and information. In this way, they are coming more and more under the same cultural influence. A single world culture is being created.

۶۱) Nowadays, it's difficult to communicate from a distance.            T            F

۶۲) Modern technology causes cultural similarities.                    T            F

Scan the text to find the following information.

۶۳) What happens when people in the world see the same TV program?-----

۶۴) The word 'this' in paragraph 1 refers to -----

- a) world culture                      b) share the same sources of information  
c) the Internet                         d) satellite
